

AK Waterhaul

Anita L - 2020-12-04 - [Terms and Definitions](#)

AK waterhaul is Alaska waterhaul. Waterhaul is an additional weight based transportation linehaul component that takes into account additional transportation costs associated with shipments to and from Alaska via motor-water-motor mode. The applicable AK waterhaul rates are found in the Accessorial tab in the 400NG baseline rates, using the corresponding weight and port city .
